Dear [FirstName],

The most important asset you have in business isn't the product you sell or the service you provide. Rather, it's the people you have around you. So to find true success, you need to work with the best.

That's why we've partnered with Sage, the market and technology leader for HRMS, to offer talent recruitment and development solutions that will put you ahead of the competition.

With Sage HRMS Cyber Recruiter and Cyber Train, we can help you find the best candidates for your company and help them prepare to be long-term beneficial employees.

Cyber Recruiter helps recruiters and hiring managers coordinate and communicate during the entire recruitment process, allowing you to fill more positions quicker and more efficiently. The highly configurable and paperless program is web-based and will help you find, keep track of and manage your applicants much easier than ever before.

Once hired, use Cyber Train to access, track and manage your new hires' training and compliance requirements with ease. This intuitive, highly automated and powerful software is the perfect solution to ensure that every employee receives the right training on time, every time.

To learn more about Cyber Recruiter and Cyber Train and how they can help you solve your recruiting and training management challenges, [click here](#) to access our webinar and learn more about these software programs, their abilities and benefits.
